

Dear Families,

My name is Eliza Decker. I earned my bachelors and masters degree in Communicative Disorders from the University of Wisconsin River Falls in 2004 and 2006. This will be my 12th year as a speech and language pathologist in the Medford Area School District. During this time I have worked at the Stetsonville and Medford Elementary Schools, the Medford Area Middle School, and the Medford Area High School.

I have enjoyed working with all ages of students as I have learned so much from each and every one of my students. I look forward to being primarily located at the Stetsonville Elementary and Medford Middle School this year working with Pre-Kindergarten through 8th grade. As a district we have undergone some challenges this past school year that have made me stronger as a person and as a therapist. While I hope to see all our students in school, I understand that this may not be the case. Under the circumstances that our students are unable to return to traditional school I look forward to servicing them via virtual therapy.

In my spare time I enjoy spending time with my three daughters and my husband. As a family we enjoy fishing, riding bikes, camping, taking walks and gardening.

I am excited for the 2020-21 school year and working with your students. Please feel free to contact me with any questions.
